### To Those We Serve:

State and Federal agencies have determined that itemization of funeral services is essential for the benefit of the general public, to assure that consumers are not asked to pay for services they do not receive. It is essential that each item of service, in addition to our basic fee of services, be charged, plus fees for each requested, or required item of service. However, the complete and total quotation for direct cremation without formalities is all inclusive. Other options are also available. It is our sincere concern that every requirement you may have, be fulfilled, in addition or apart from our standard offerings as listed herein. Please feel free to express yourself to our counselor. We will make every effort to meet your needs.

**The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.**

Prior to drafting any contract for goods and services the responsible party or the decedent's survivor who is handling the funeral arrangements is entitled to receive a copy of any pre-need agreement in the possession of the funeral establishment that has been signed and paid for, in full or in part, by or on behalf of the decedent.

### Payment Requirements:

Our policy requires accounts be paid in full at the time of the arrangement conference.

### Choice of Services:

**You may choose only the items you desire. If you are charged for items you did not specifically request, we will explain the reason for the charges on the Statement of Funeral Goods and Services. Please note that there may be charges for items such as death certificates, coroner's charges, cemetery fees, flowers and newspaper notices.**
